This year, we are committed to building a transparent relationship with parents through clear, open communication, ensuring they stay informed, feel heard, and actively partner with us in supporting student success.

## Exciting News

### Addition Of Grade 2 and 3

We are pleased to announce that our school is expanding to include Grade 2 and Grade 3 starting this academic year. This step reflects our growth and commitment to supporting our students' continued learning.

We look forward to welcoming our new students and beginning this exciting new chapter together!

## Computer Courses

Around 30 students, who were previously unfamiliar with technology, have completed two computer courses and learned the basic use of computers. They are now beginning to explore how technology can be used in their studies and in further learning opportunities, gradually building their understanding and use of digital tools.

## Trip To Rana Resort

Students visited Rana Resort as part of a school trip. The visit provided an opportunity to spend time outdoors, observe the natural surroundings, and take a break from regular classroom activities. Students participated in simple group activities and interacted with their peers in a different environment.

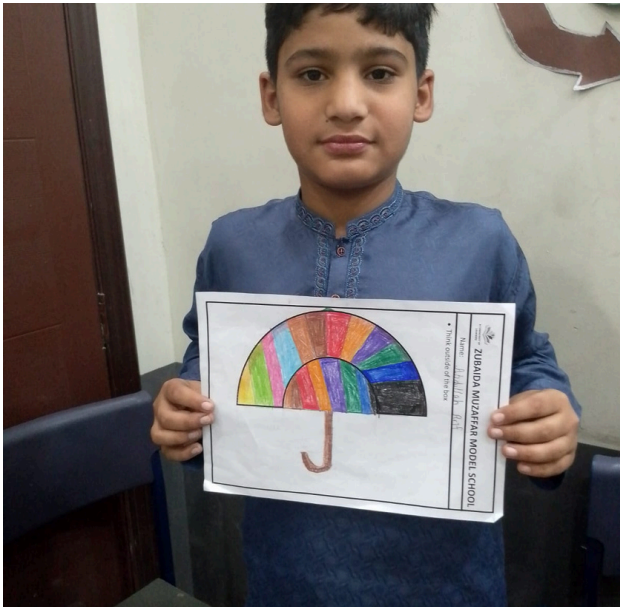

**APR 15** **ANNUAL RESULT**

The school's annual results were announced on 15th April. Students and parents were informed about academic performance and overall progress for the year. Students were also awarded based on their regularity and academic performance.

## Focus On Extra-Curricular Activities

Our school places strong emphasis on extracurricular activities as an essential part of student development. Alongside academics, students are encouraged to participate in sports, arts, and other co-curricular programs. These activities help in building confidence, teamwork, and creativity. By providing diverse opportunities beyond the classroom, we aim to support the overall growth of students and help them develop important life skills in a balanced learning environment.

## Instructions For Students

- Attend school regularly and be punctual.
- Complete assignments on time and come prepared for class.
- Maintain discipline and follow school rules.
- Show respect to teachers, classmates, and staff.
- Keep classrooms and surroundings clean.
- Take care of personal belongings and school property.
- Balance studies with rest and healthy activities.
- Communicate openly with teachers and parents when needed.
